WARNING: New Invention: If you have developed a new invention since filing your first application, you must file a continuation-in-part application within one year of the filing date of the first application or your first application will become abandoned. Failure to do so may result in loss of your rights in the invention.					

WARNING

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $\epsilon \rightarrow 0$. It is shown that the solutions of the system (1) converge to the solutions of the system (2) in the sense of the weak convergence in the space $L^2(\Omega; \mathbb{R}^n)$.
